

Applied Learning & Career Center

SUNY BROOME

QUARTERLY NEWSLETTER

SPRING 2017; EDITION 1

IT'S OFFICIAL!

On February 2, 2017, the Applied Learning & Career Center held our Ribbon Cutting and Open House event. SUNY Broome staff and faculty members, representatives from the NYS Department of Labor, local employers and community members were on hand to take a tour and learn more about the many services provided at the ALCC.

The ALCC was made possible due to a grant through the NYS Department of Labor. This partnership allows the ALCC to extend services to community members, in addition to students and alumni.

The ALCC originally opened its doors Fall 2017 semester and since that time has served many students, alumni and community members with career-readiness skills, including resume development, interview coaching, and job/internship search assistance. In addition, our staff have provided approximately 30 classroom presentations on various topics related to our services and career-readiness skills.

SPRING 2017 HAPPENINGS

Mock Interviews: The ALCC collaborated with the Engineering Science and Criminal Justice & Emergency Services departments to organize Mock Interview opportunities for their students. Local employers/companies generously volunteered their time and expertise to “interview” and provide constructive feedback to students participating in these valuable career-readiness opportunities.

Engineering Week Open House: Many area middle and high school students and their families attended SUNY Broome’s Engineering Week Open House, organized by the ALCC and Professor Lofthouse, Chair of Engineering Science & Physics. SUNY Broome engineering students and local employers, including Lockheed Martin, Rockwell Collins, BAE, Raymond Corporation, Amphenol Aerospace and Keystone Associates, were on hand with interactive displays and projects to encourage interest in STEM educational programs and careers. BAE even brought their hybrid bus!

UPCOMING ALCC SPONSORED EVENTS

2017 SUNY Broome MLK Jr. Job Fair

Are you ready?

Contact the ALCC for resume development, interview coaching, how to effectively navigate a job fair and more!
