

BACHELOR OF SCIENCE IN

# Nursing (R.N. to B.S. Program)

Keuka College makes it easy, affordable, and convenient for nurses like you to enhance your knowledge and improve the quality of care you provide your patients.

Upon graduating, you'll have essential leadership and professional development skills, and you can choose to specialize your practice in community health, school health, home care, nursing leadership and

management, or specialty services. You can also choose to continue your formal education and earn a graduate degree and/or nurse practitioner certification.

And because Keuka College's program is designed for working nurses like you, we make it easy, affordable, and convenient to integrate school, work, and family.
