

# **HOW SHOULD WE PREVENT MASS SHOOTINGS IN OUR COMMUNITIES?**

**WEDNESDAY, DEC. 7TH  
3 - 4:30PM  
DECKER (DH) 201**

Join your fellow students and campus colleagues for a conversation on how to address this difficult public problem.

How can we work through the tensions between security, freedom and a healthy society?

Deliberations are conversations where participants listen to one another and share openly.

Deliberating a difficult topic cuts through the "noise" and provides participants the space to share their views without judgement.

Come participate on December 7th, you will be glad you did!
