Help Us Create a Culture of Giving Back!

We need you!

Become a member of The Student Philanthropy Council (SPC)!

The purpose of the Student Philanthropy Council (SPC) is to educate, engage, and excite students about the importance and impact of philanthropy as students so that they will continue the tradition of giving as alumni for future generations of SUNY Broome students.

Please help us raise funds through fun events, spread awareness of philanthropy on campus, and connect with your peers! Your participation makes a difference!

What does the Student Philanthropy Council raise money for?

The money – raised by the council from their peers in the student body – funds the SUNY Broome Student Giving Peer Scholarship for deserving students.

Perks of being on the SPC!

1. It helps satisfy the volunteer hours required by certain clubs, programs, and scholarships.
2. Help to give back to your peers!
3. It's great for resume-building and career preparedness.
4. Be a part of fun events on campus!
