

# MEHDI SAEEDI

## LECTURE & WORKSHOP

SUNY Broome Community College, in partnership with Binghamton University's Center for Middle East and North Africa Studies, presents internationally renowned graphic designer Mehdi Saeedi. Saeedi combines his expertise in graphic design, typography, and calligraphy to transform Perso-Arabic script into various forms, creating unique concepts in both art and graphic design.

His lecture, titled "Changes and Challenges," will focus on his work, processes, and challenges throughout his career. The three-day "Exploring the Art of Persian Calligraphy and Composition" Workshop provides an opportunity for participants to experience and explore Persian calligraphy as they create visually engaging and balanced compositions on canvas.
