

Opportunity is knocking, and it knows you're home.

Join us for a special, online event!

Home. You're there a lot these days, and a lot is the same each day. That makes it the perfect time to make a difference in your future — by earning your bachelor's degree 100% online from Bellevue University.

Take the first step by joining us for a live, online information session where you will learn:

- How to choose the right degree for you
- How much time it could take to earn your degree
- A realistic estimate of how affordable your degree could be
- How you will benefit from the relationship between your community college and Bellevue University

Choose from five convenient dates and times:

October 19, 2020 | 5:00 PM EST

October 20, 2020 | 3:00 PM EST

October 21, 2020 | 4:00 PM EST

October 22, 2020 | 4:00 PM EST

October 23, 2020 | 12:00 PM EST

Plus, by attending the event you will be entered into a drawing to win a Surface Go!*

In this special interactive session for community college transfer students, Bellevue University representatives will explain the most popular topics for transfer students, such as:

1. **Accelerate by transferring your credits:** Your associate degree covers nearly half of your Bellevue University bachelor's degree credit requirements! Transfer your degree, take only the courses you need to complete your bachelor's degree, and be on your way to graduating sooner.
2. **No transfer, application, or hidden fees:** As a transfer student or graduate, your application fee is waived! In this session, you'll get a transparent look at what you will owe (spoiler alert – it's not much).
3. **100% online learning:** Learning 100% online is different. At Bellevue University, you're earning a degree that was specifically designed for the online environment – and proven to work. Learn about all the resources you'll have at your fingertips to help you be successful.

Plus, you'll have a chance to talk with your community college's Bellevue University representative and get all your specific questions answered.

Use your home time to gain the knowledge and skills that will make you invaluable as we all work our way back to rebuilding our communities and our country.
