

President Drumm gets a pie in the face — for a good cause

May 7, 2015

SUNY Broome President took a pie in the face — for a good cause.

A live auction on-site for the opportunity to pie the president drew \$100 from an anonymous donor. The event took place at the campus' Spring Fling, which featured food, inflatable games and rides, a dunking booth and more.

The donor granted Student Trustee Aisha Mortenson, a nursing student and Student Assembly member, permission to take the throw.

"I'm still going to graduate, right?" she joked with President Drumm, as the two shook hands before the pie-transfer.

He laughed. "I just sign the diplomas," he said.
