

# SUNY Broome Orientations conclude

August 26, 2015

August 26 was the final orientation program at SUNY Broome for new students. This program was designed for students majoring in the Health Science Programs. There were four other programs throughout the summer, with a total of 532 students in attendance.

Students learned about resources available through the Learning Assistance Department and Counseling Services. Financial Aid and Student Accounts presented on the FAFSA form, residency form, paying your bill and more. Public Safety provided students with their school ID for the fall and discussed safety information. Title IX officers presented on sexual assault and the many resources available.

Other offices provided workshops, including Academic Affairs, BCC Foundation, EOP, Housing, IT Services, and Student Support Services.
