

# SUNY Broome comes to BHS hallway

February 10, 2015

The hallway outside Rick Wheeler's office at Binghamton High School is looking a lot like SUNY Broome.

Wheeler teaches some Fast Forward classes in Medical Terminology for SUNY Broome, and is an enthusiastic support for the college. His students have had t-shirts made and visited the campus on field trips.

Over the past six months, he started painting the hallway outside his BHS classroom with SUNY Broome's colors and logo.

Thank you for being such a great supporter, Mr. Wheeler!
