

Speakers of the House Awards Celebration

May 5, 2015

Speakers of the House, a Toastmasters International club, announces a celebration of club members' achievements at 3:10 p.m. Friday, May 15, 2015 in Decker Health Sciences Center Room 201.

The event will feature a "roast" of our first Distinguished Toastmaster, Kathleen M. McKenna. Other awards to be presented include the Competent Communicator and Competent Leader awards.

Toastmasters International awards its highest educational honor, Distinguished Toastmaster (DTM), to members who have achieved both the Advanced Communication Gold and Advanced Leader Silver awards. To achieve the DTM typically takes five to eight years of dedicated service and leadership in the local club and area (or higher) levels.

The awards celebration is open to the public and the campus community.
