

Thank you note from Deena Price

May 27, 2015

I would like to sincerely thank everyone from the bottom of my heart for the cards, visits, warm hugs and compassion they have showed me and my family during this difficult time of loss of my father. He truly was a kind, loving and genuine man, and I only hope that I represent him and my Mother in trying to be thankful and courteous of others and giving to those who need more than I.

God Bless,
Deena Price and Family
